GENERAL INFORMATION

Eligibility: Individuals 18+, plus their eligible dependents. This is subject to individual state regulations.

Predetermination of Benefits: It is recommended that a treatment plan/course of treatment be submitted when the total cost of eligible expenses for any insured is expected to exceed the amount shown on the coverage schedule. This should be submitted to us before the work is started. If actual services submitted do not agree with the treatment plan, or if a treatment plan is not sent in, we will base our payment on treatment consistent with reasonable and customary charges. Predetermination of benefits is not a guarantee of what we will pay. The estimated benefit payment is based on your current eligibility and benefits in effect at the time of the completed service. Submission of other claims or changes in eligibility or this policy may alter final payment.

Alternate Benefit: If we determine that a less expensive procedure, service, or treatment plan/course of treatment that is customarily used to treat the dental problem and recognized by the dental profession to be appropriate according to broadly accepted standards of dental practice, then the maximum we will allow will be the charge for the less expensive treatment.

The following are not covered or available as an alternative benefit:

- Ancillary charges, including but not limited to, hospital, ambulatory surgical center or similar facility; or use of provider office space.
